# THE VENEZIA BASIN RANGE

Designed to blend seamlessly in your bathroom with their thin and modern lines, the Venezia Counter Top Vessels are created to illustrate the dynamic creation of personal style and delicacy.

Modernity and softness were the inspiration for the creation of the new Venezia range of JohnsonSuisse basins. Made of fine quality vitreous china ceramic, Venezia basins have been produced with the unique technology called Titanium.

## FEATURES

- ◇ Various models, heights and sizes to meet different preferences and needs
- ◇ Complement with a tall basin mixer on the side for a contemporary and modern look or with a traditional basin mixer on single taphole variant
- ◇ The basins come with no overflow

**TITANIUM**  
TECHNOLOGY

## TITANIUM

An innovative ceramic technology developed to provide bolder, minimalist designs. TITANIUM technology allows for ultra-thin edges, 3mm thick without having to compromise on product strength or durability.

With the latest trends to have given way to slim, minimalistic lines, TITANIUM is a unique technology that turns bold architectural ideas into reality. This super-strong ceramic technology allows for products to be fashioned along clean, engineered lines whilst increasing tensile strength compared to traditional vitreous china.

This innovative technology, used in our new Venezia range allows for the basins to have a delicate, simple design with ultra-thin edges, 30% stronger and 40% lighter than conventional basins of a similar size.

DURABLE

SCRATCH  
RESISTANT

LIGHT  
WEIGHT

### ULTRA-THIN EDGES

Delicate, minimalist designs with thin modern edges.

### DURABLE

Bold and unique, built to last without compromising on quality design.

### SCRATCH RESISTANT

Polished to perfection with the highest quality glaze for a durable, scratch resistant surface.

### LIGHT

40% lighter than conventional basins of a similar size.

## POP-UP PLUG AND WASTE OPTIONS
